# Directors' Report

The Directors are pleased to present their report together with the unaudited condensed interim financial statements of the Company and the unaudited condensed consolidated interim financial statements of the Group for the second quarter and half year ended June 30, 2014.

## 1. Business overview

### (a) Engro Corporation Limited

The Company's associated entity Engro Corporation Limited (E Corp) reported an increase in profit after tax of PKR 2.23 billion in Q1 2014 as compared to PKR 2.01 billion in the corresponding period last year. Main contributor to this improvement is its fertilizer subsidiary which continued to receive gas from the Mari field enabling both of its plants to run continuously. Increased profitability in fertilizers was partly offset by lower profit in its foods subsidiary and a loss attributed to the rice business.

### (b) The Hub Power Company Limited

The Hub Power Company Limited (HUBCO) turnover for the quarter ended March 31, 2014 increased from PKR 42.64 billion to PKR 44.26 billion, an increase of 3.8%. However, its profitability declined sharply by 18% to PKR 2.25 billion compared with the similar period last year on account of increased maintenance costs and lower load factor of its Hub plant due to repairs and refurbishment of the boilers which have become unreliable. Consolidated earnings per share of HUBCO also decreased to PKR 1.90 as compared to PKR 2.36 for the same period last year.

### (c) DH Fertilizers Limited

During the quarter, in accordance with the rota arrangement agreed with the Government, gas supply to DHFL was started on April 18, 2014 after Pakarab had completed their rota of 31 days. Whereas, the two network plants were promised 4 months gas supply during the year at the commencement of rotation, gas supply to DHFL was discontinued after barely 20 days under the directives of the Prime Minister to provide gas to power sector. The management of DHFL is constantly following up with the Ministry of Petroleum & NR (MP&NR) for the restoration of gas but no relief has been provided and complete curtailment prevails to date.

As a result of the above, DHFL produced only 18,143 tonnes of urea in Q2 against 13,470 tonnes of urea in similar period last year. Sales of urea were only 160 tonnes in Q2 as compared to 33,970 tonnes of urea in the same quarter last year. The decrease is attributable to market uncertainties pending

resolution of issues relating to the fixation of urea price by the Government and the dealer's commission thereon and this is reflected in the quarter end and half year's financial performance. The subsidiary made a loss of PKR 150 million and PKR 113 million respectively in Q2 and at half year in comparison with a profit of PKR 254 million and PKR 375 million in the comparable period last year. If other income is excluded, the gravity of the operational loss situation is significantly worse.

#### (d) Investments - Other

In the Rice Bran Oil (RBO) project, the Company has contributed its share of third equity call installment of PKR 31.20 million. Total investment so far has reached to PKR 206 million. The project is progressing well and it is expected that it will commence commercial production before the end of this year.

## 2. Financial performance

During the quarter ended June 30, 2014, the Group made a gross profit of PKR 94.03 million as compared to a profit of PKR 614.13 million for the corresponding quarter last year. Other than the loss emanating from DHFL, the aggregate share of profit from the Company's associated entities, E Corp and HUBCO of PKR 1,057 million was PKR 100 million lower as compared to the same period last year mainly due to lower profitability at HUBCO.

After accounting for the consolidated tax charge of PKR 202.30 million for the quarter ended June 30, 2014, the Group's consolidated profit after taxation was PKR 543.33 million as compared to PKR 1,273 million for the corresponding quarter last year.

Earnings per share (EPS) of the Company for the half year were PKR 1.64 as compared to PKR 1.27 for the same period last year. Similarly, the consolidated EPS of the Group for the half year was PKR 2.63 (2013: PKR 3.96).

## 3. Future outlook

Despite the recent unsettling political situation in the country, general business confidence continues to be stable as highlighted by an upward trend in portfolio investments in capital markets, increase in inward remittances, stable rupee over US\$, and strong corporate profitability across the economy. Business confidence can be further improved if the Government remains committed to following through on its contractual and policy commitments and reforming the power sector.

In particular, the GOP's short term policy with respect to the fertilizers industry remains unclear which is evident from the uncertain gas allocations as well as unwarranted changes in the application of GIDC, both of which have completely disrupted orderly and fair competition within the industry. Whereas the Government has made strenuous and positive efforts to ameliorate the energy shortage by making good progress on LNG imports starting early next year, the actual allocation of this additional volume (assuming no further depletion of indigenous gas production) appears to be exclusively for the power sector. Fertilizer plants not currently being supplied need a firm assurance of future supply either as a consequence of additional LNG supply or directly from indigenous fields as allocated via the Long Term Gas Supply Arrangement (LTGSA) previously agreed with the industry and approved by the ECC.

On the LTGSA, the four fertilizer manufacturers are continuously pursuing the matter with the government to commence the field work to make the project operational by end 2015.

Due to continuous curtailment of gas and very limited production, DHFL cash flows have completely dried up and it is now struggling to meet its operating and financial obligations. DHFL has estimated that it requires at least 120 days of gas during 2014 in order to remain afloat and has informed the Government of the implications that will inevitably follow if this gas is not supplied. Nothing less than the survival of DHFL is at stake and there is little that management can do if the Government fails to acknowledge the gravity of the situation.

# Auditors' Report to the members on review of unconsolidated condensed interim financial information

## Introduction

We have reviewed the accompanying unconsolidated condensed interim balance sheet of Dawood Hercules Corporation Limited (the Company) as at June 30, 2014 and the related unconsolidated condensed interim profit and loss account, unconsolidated condensed interim statement of comprehensive income, unconsolidated condensed interim statement of changes in equity, unconsolidated condensed interim cash flow statement together with the notes forming part thereof for the six months period then ended (here-in-after referred to as the 'interim financial information'). Management is responsible for the preparation and presentation of this interim financial information in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting. Our responsibility is to express a conclusion on this interim financial information based on our review. The figures included in the unconsolidated condensed interim profit and loss account and unconsolidated condensed interim statement of comprehensive income for the quarters ended June 30, 2014 and 2013 and the notes forming part thereof have not been reviewed as we are required to review only the cumulative figures for the six months period ended June 30, 2014.

## Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, 'Review of Interim Financial Information Performed by the Independent Auditor of the Entity'. A review of the interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

## Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim financial information as of and for the six months period ended June 30, 2014 is not prepared, in all material respects, in accordance with approved accounting standards as applicable in Pakistan for interim financial reporting.

# Notes to and forming part of the unconsolidated condensed interim financial statements (unaudited - note 2) For the six months period ended June 30, 2014

## 1. LEGAL STATUS AND OPERATIONS

Dawood Hercules Corporation Limited (the Company) was incorporated in Pakistan on April 17, 1968 as a public limited company under the Companies Act, 1913 (now Companies Ordinance, 1984) and its shares are quoted on Karachi, Lahore and Islamabad Stock Exchanges. The principal activity of the Company is to manage investments in its subsidiary and associated companies. The registered office of the Company is situated at Dawood Center, M.T. Khan Road, Karachi.

## 2. BASIS OF PREPARATION AND PRESENTATION

2.1 These unconsolidated condensed interim financial statements of the Company for the six months period ended June 30, 2014 have been prepared in accordance with the requirements of the International Accounting Standard (IAS) 34 - "Interim Financial Reporting" and provisions of and directives issued under the Companies Ordinance 1984 (the Ordinance). In case where requirements differ, the provisions of or directives issued under the Ordinance have been followed. These condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended December 31, 2013, which have been prepared in accordance with International Financial Reporting Standards (IFRSs).

2.2 These unconsolidated condensed interim financial statements comprise of the condensed interim balance sheet as at June 30, 2014 and the condensed interim profit and loss account, the condensed interim statement of comprehensive income, the condensed interim statement of changes in equity, the condensed interim cash flow statement and notes thereto for the six months period then ended which have been subjected to a review in accordance with the Listing Regulations but not audited. These unconsolidated condensed interim financial statements also include the condensed interim profit and loss account for the quarter ended June 30, 2014 which was not subjected to review.

2.3 The comparative balance sheet presented in these unconsolidated condensed interim financial statements as at December 31, 2013 has been extracted from the audited financial statements of the Company for the year then ended. The comparative condensed interim profit and loss account, condensed interim statement of changes in equity and condensed interim cash flow statement for the six months period ended June 30, 2013 have been extracted from the unconsolidated condensed interim financial statements of the Company for the six months period then ended, which were subjected to review but not audited. The comparative condensed interim profit and loss account for the quarter ended June 30, 2013 is also included in these unconsolidated condensed interim financial statements.

## 3. ACCOUNTING POLICIES

3.1 The accounting policies and the methods of computation adopted in the preparation of these unconsolidated condensed interim financial statements are the same as those applied in the preparation of the financial statements for the year ended December 31, 2013.

# Notes to and forming part of the unconsolidated condensed interim financial statements (unaudited - note 2) For the six months period ended June 30, 2014

3.2 New standards, amendments and interpretations that are mandatory for accounting periods beginning on or after January 1, 2014 are considered not to be relevant or to have any significant effect on the company's financial reporting and operations and are, therefore, not disclosed in these condensed interim financial statements.

## 4. ACCOUNTING ESTIMATES

The preparation of unconsolidated condensed interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Revision to accounting estimates are recognised prospectively commencing from the period of revision.

In preparing these unconsolidated condensed interim financial statements, the significant judgments made by management in applying the Company's accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the financial statements for the year ended December 31, 2013.

## 5. SEASONALITY OF OPERATIONS

The principal activity of the Company is to manage investments in its subsidiary and associated companies. Revenue of the Company mainly comprises dividend income which is dependent on the profitability and the decisions of directors and shareholders of the subsidiary and associated companies regarding the declaration and approval of dividends, whereas the majority of costs of the Company are fixed and hence are more evenly spread throughout the year.

## 2. BASIS OF PREPARATION AND PRESENTATION

2.1 These consolidated condensed interim financial statements have been prepared in accordance with the requirements of International Accounting Standard (IAS) 34 - 'Interim Financial Reporting' and provisions and directives issued under the Ordinance. In case where the requirements differ, the provisions of or directives issued under the Ordinance have been followed.

2.2 The comparative consolidated balance sheet as at December 31, 2013 presented in these consolidated condensed interim financial statements has been extracted from the audited financial statements of The Group for the year then ended. The comparative consolidated condensed interim profit and loss account, consolidated condensed interim statement of other comprehensive income, consolidated condensed interim statement of changes in equity and consolidated condensed interim cash flow statement for the quarter and six months period ended June 30, 2013 have been extracted from the consolidated condensed interim financial statements of The Group for the quarter and six months period then ended.

2.3 These consolidated condensed interim financial statements are being submitted to the shareholders in accordance with section 245 of the Ordinance and should be read in conjunction with the consolidated financial statements as at and for the year ended December 31, 2013, which have been prepared in accordance with International Financial Reporting Standards (IFRSs).

## 3. ACCOUNTING POLICIES

The accounting policies and methods of computation adopted for the preparation of these consolidated condensed interim financial statements are the same as those applied in the preparation of the consolidated financial statements of The Group as at and for the year ended December 31, 2013.

3.1 New standards, amendments and interpretations that are mandatory for accounting periods beginning on or after January 1, 2014 are considered not to be relevant or to have any significant effect on The Group's financial reporting and operations and are, therefore, not detailed in these consolidated condensed interim financial statements.

# Notes to and forming part of the consolidated condensed interim financial statements

For the six months period ended June 30, 2014

## 4. ACCOUNTING ESTIMATES

The preparation of consolidated condensed interim financial statements requires management to make judgments, estimates and assumptions that affect the application of accounting policies and reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates. Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectation of future events that are believed to be reasonable under the circumstances. Revision to accounting estimates are recognised prospectively commencing from the period of revision.

In preparing these consolidated condensed interim financial statements, the significant judgments made by management in applying The Group's accounting policies and the key sources of estimation uncertainty were the same as those that were applied to the consolidated financial statements for the year ended December 31, 2013.
